NWP SHELVING KIT B ALUMINUM/ACRYLIC FRONT (PATENTED)

PATENTED

Nashville Wire Product Shelving Kit B

Each kit includes a Slip Sheet, NWP Lane Dividers (*Patent Pending*), a Side and Back Guard, Acrylic Front Stop and NWP (Patent Approved) PTM/Acrylic holder. Shelves can also be included.

Nashville Wire Product's PTM/Acrylic Holder is designed to fit any shelf with front ball wire and be durable to last without being bulky and heavy. NWP Acrylic Front allows for an unobstructed view of product and product stop for gravity flow merchandising.

NWP Shelving Kit B can be used with Winged (formed frame) or Square shelving.

Please request detailed drawings to ensure this kit will fit your shelves/door.

For sizes available for Kit B components, refer to **Table 1**.
