

An **APPAREL SHELF** like no other

Our revolutionary Apparel-Shelf offers an ideal solution for the storage of light-weight products for the retail industry.

- Our patented design provides a smooth surface without sharp-edges to ensure fabrics or plastics are snag-free.
- A front bullnose accommodates labeling for easy identification of product.
- The shelf's upturned waterfall at the back edge keeps products from falling.
- All Apparel-Shelf decks are custom made and designed to support a minimum of 200 lbs. UDL.
- Designed for light-duty, cantilever style beams.
- Custom sizes, channels, and gauges are available.

Why Choose Nashville Wire?

We are the industry leading producer of the highest quality wire decking and storage solutions used across a diverse range of warehouses and distribution centers nationally.

Thousands of fulfillment facilities across North America touch millions of products every day. With our help they optimize their operations, resulting in reduced costs to retailers and, in turn, consumers.

At our state-of-the art production facilities located across North America, we build the highest quality solutions that deliver improved labor efficiency, optimized space utilization, safety, and durability in every client program.
