

JR1: 1 x 1 INCH MESH

JR5: 1/2 x 1/2 INCH MESH

JUNIOR WIRE CONTAINERS

smaller scale, same quality

Junior Wire Containers are smaller in size and designed with a smaller mesh pattern to accommodate small parts and/or product. **JR1** features 1 x 1 inch mesh and **JR5** uses 1/2 x 1/2 inch mesh.

- Half drop front gate with only four latch bolts to engage for quick and easy assembly.
- Four way entry for forklifts and pallet jacks with a clearance of 4" (10 cm).
- Can be stacked up to three high fully loaded.
- Heavy-duty base design for long life cycles.
- Casters are 3 1/2" x 1 1/4" phenolic, 2 rigid and 2 swivel.

Why Choose Nashville Wire?

We are the industry leading producer of the highest quality wire decking and storage solutions used across a diverse range of warehouses and distribution centers nationally.

Thousands of fulfillment facilities across North America touch millions of products every day. With our help they optimize their operations, resulting in reduced costs to retailers and, in turn, consumers.

At our state-of-the art production facilities located across North America, we build the highest quality solutions that deliver improved labor efficiency, optimized space utilization, safety, and durability in every client program.
