

PERFORATED DECK offers unique advantages

Our revolutionary perforated decking offers an ideal solution for storing carpeting, furniture, boxed items, and archive storage. It's perfect in bays used for smaller item storage that might fall through traditional wire decks.

- Strong, safe, and reliable.
- Simply drops into place for ease of installation.
- Provides a uniform flat surface that will not damage product.
- Accommodates most standard step beams in the industry today.

Why Choose Nashville Wire?

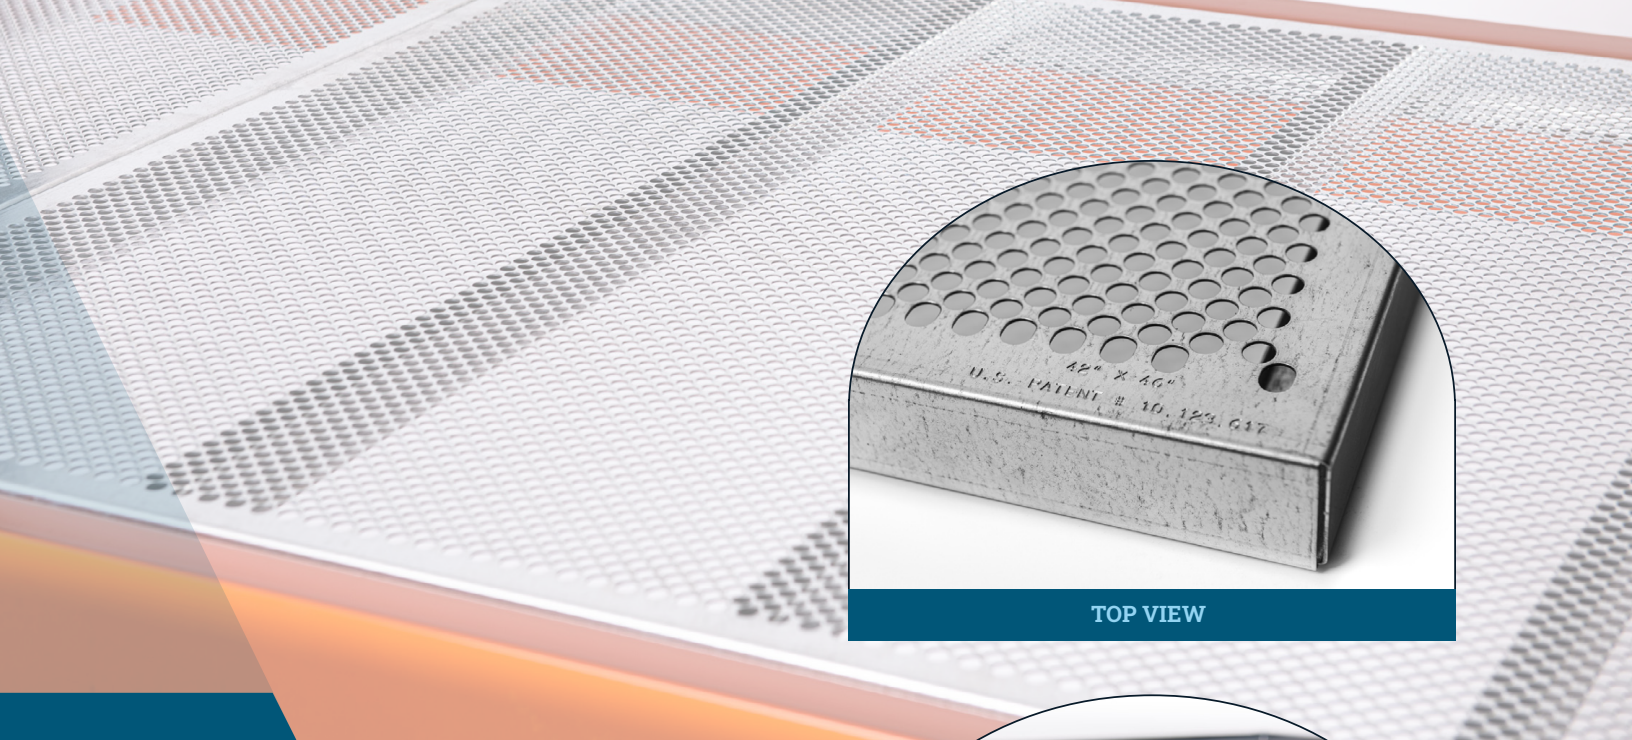

We are the industry leading producer of the highest quality wire decking and storage solutions used across a diverse range of warehouses and distribution centers nationally.

Thousands of fulfillment facilities across North America touch millions of products every day. With our help they optimize their operations, resulting in reduced costs to retailers and, in turn, consumers.

At our state-of-the art production facilities located across North America, we build the highest quality solutions that deliver improved labor efficiency, optimized space utilization, safety, and durability in every client program.
