

## DAIRY CARTS optimize your product presentation

Our dairy cart is designed to fit behind most 30 inch doors, but we can also build custom sizes to work with any cooler model in your store. Each cart is assembled prior to shipping for effortless installation.

Product is coated using NSF approved powder and our state-of-the-art 2-step process including an undercoat and top color coat for improved durability, ensuring your shelves look pristine and rust-free after many years of heavy usage.

We offer our proprietary divider system which enables you to set and reconfigure customized planograms to accommodate a wide range of dairy and beverage product sizes. Dividers adjust left to right for ease of product updates.

### Why Choose Nashville Wire?

Global brand development companies partner with Nashville Wire Products for our consistent, premium quality fabrication. We provide the highest quality component parts to our customers who, in turn, provide high quality appliances to their customers. As an integral part of the commercial and domestic appliance supply chain, our products can be found in millions of homes, restaurants and retail stores throughout the country.

We use state-of-the-art technology to build complex, custom, wire shelves and racks that optimize space management and improve functionality of products which we encounter every day. We engineer new solutions that provide durability, strength, performance and perfection.

**ULTIMATE STOCK ROTATION SYSTEM**

Restock from walk-in cooler for perfect stock rotation. Gravity feed shelves with glides ensure product slides smoothly within easy reach of the shopper.

### DAIRY CART Key Benefits:

- Each shelf includes front and side guards to secure products in place
- Slip sheets allow your product to front-face for easy shopper reach
- The cart has 4 sturdy wheels (2 rigid and 2 swivel) for mobility
- Cart has 2 handles at the rear for ease of movement
- The adjustable front bumper maintains desired distance from the cooler door
- Each cart includes 6 moveable shelves with 1.5 inch adjustability in our uprights
- Top shelf is welded for additional storage and structural integrity
- Cart system available in white and black

**MERCHANDISING EFFICIENCY**

Reduce merchandising labor by restocking our cooler shelving system in minutes, not hours. Or simply switch out empty mobile cart with fully stocked one during peak selling periods.
