

## STANDALONE SHELVING for simple cooler merchandising

Our double width standalone system is unique, easy to assemble and presents products perfectly in your French door coolers.

The robust post frame is designed for flexible positioning of heavy duty shelves. Shelves can be reconfigured to suit new planograms by simply repositioning them at desired height. Posts are designed to accommodate 1.5 inch spacing for total flexibility and maximum product holding.

We incorporate flat metal bracing for strength and offer a range of a pre-assembled metal price tag molding if needed. Samples of each style are available on request.

We also produce single width shelves for odd door line ups (such as 3 or 5 door).

### Why Choose Nashville Wire?

Global brand development companies partner with Nashville Wire Products for our consistent, premium quality fabrication. We provide the highest quality component parts to our customers who, in turn, provide high quality appliances to their customers. As an integral part of the commercial and domestic appliance supply chain, our products can be found in millions of homes, restaurants and retail stores throughout the country.

We use state-of-the-art technology to build complex, custom, wire shelves and racks that optimize space management and improve functionality of products which we encounter every day. We engineer new solutions that provide durability, strength, performance and perfection.

**HIGH CAPACITY SYSTEM**

Available in multiple widths to suit your French doors, our robust system offers total merchandising flexibility.

**STANDALONE OR LINEUP:**

Our standalone shelving system is designed for either standalone or full wall installation. Post functionality enables shelving to be built on either side so you don't double up when creating a run. Simply keep adding modules to fit your door space. Provide us with details of your door requirements and we will create a detailed materials schedule.

## STANDALONE SHELVING Benefits:

All of our products are coated using NSF approved powder for improved durability ensuring your shelves look pristine after many years of heavy usage.

For additional functionality, we offer the following accessories:

- Glide Sheets
- Lane Dividers
- Perimeter Guards
- Front Guards
- Side Guards
- Front & Side Guards
- Other accessories available on request

**PERFECT PRODUCT PRESENTATION**

Shelves can be installed flat or as gravity feed to suit your pack dynamics. Perfect product presentation in your cooler aisle — every time.
